

Linda Edwards

Hello! My name is Linda Edwards, I am the owner and founder of Nana's Pet Sitting LLC. I started

Nana's Pet Sitting in 2007 after moving from Macon, Georgia in 2006.

Before getting into the pet business I was a stay-at-home mom for 11 years in Macon and loving every minute of it. I was successful for 15 years in the

corporate world and in 2006 moved to Charlotte to, in a sense, start my life over. My husband died suddenly and I found myself looking for something to make me as happy as he did. I woke up one day to my beautiful border collie Sophie staring me in the face and it hit me, pets! Animals bring me great peace and joy and I truly enjoy spending time with them!

Along with Gracie, I have three cats: Holly, Leo and Murphy. When I started my in-home pet sitting business I knew immediately I must get educated in pet first aid. I became certified in the PetTech program and I have trained all my pet sitters in the PetTech program as well.

Nana's Pet sitting has earned the Angie's List Super Service Award consistently since 2009. I am very proud of my business, my sitters and blessed with wonderful clients who continue to trust me with their pets and their homes.

I could not imagine doing anything else with my life. I have four beautiful pets but well over 2,000 pet clients that I love and care for as if they were my own!

Pet Sitting Services

Nana's pet sitting is an in-home pet sitting service for cats, dogs, birds, guinea pigs, rabbits, fish and just about any other type of pet! Every pet receives care based on his or her own unique personality, age and individual health needs. If your pet is taking medications, requires insulin shots or sub-cutaneous fluids, Nana's pet sitters are trained to handle it all.

Nana's has a highly skilled and trained pet sitting staff located throughout the Charlotte and surrounding areas. The Nana's staff loves and cares for your pets like their own. You can be sure your furry family members

What We Do

🐾 Daily Home Visit- one to four visits per day or as requested

🐾 Dog Walking-morning, afternoon, evening or all, as requested

🐾 Providing pets with food and fresh water and clean bowls

🐾 Giving any necessary medications or shots

🐾 Brushing, playing with and loving your pets

🐾 Cleaning any litter boxes and/or cages

Overnight Services

For pets that like a sleepover Nana's overnight service is purrfect! A sitter will arrive to your home about 8pm and stay until 7am. The overnight visits are a great way to keep your pets on their regular schedule. We take them out for potty before bed, feed them breakfast in the morning and anything else they are used to. Having a sitter stay the night also gives you the comfort and safety of knowing your home is being looked after.

Nana's Sitters

All of Nana's sitters are PetTech PetSaver trained, which means we can handle emergency situations, pet first aid, CPR, bee stings, medications and routine pet wellness. They are also trained on senior and puppy pet care.

Each sitter undergoes a background check and extensive training with Nana herself. Several policies are in place for the sitters to text after each visit and often report on the fun visit they had so if you call asking about your pet, Nana can give you an update on your four legged loved one!
